It has been an unprecedented year for The University of Alabama, but membership in the Osher Lifelong Learning Institute (OLLI) continues to provide intellectual, cultural and social opportunities for lifelong learning experiences. Nothing can suppress the joy of learning through community engagement and productive, purposeful activities forged through the common bond of UA’s OLLI members.

Currently, all OLLI programming is being offered virtually through Zoom due to recommended health and safety precautions. However, online learning should not stop anyone from reaping the rewards of an OLLI membership. For those new to online coursework, OLLI members regularly lead Zoom training sessions, and participants can still interact with instructors and their classmates.

Through Zoom, you can still ask questions and contribute to live conversations with your opinions, knowledge and expertise. OLLI offers diverse programs through an online platform with an unlimited variety of topics in a senior-friendly learning environment. Through a nominal membership fee, members can enroll in as many courses as they want to enjoy.

We are very proud of UA’s national status of one of 124 colleges affiliated with OLLIs across the country through funding from The Bernard Osher Foundation. This year, we celebrated OLLI Day Alabama with a special proclamation from Governor Kay Ivey who declared Aug. 20 as OLLI Day in the state, and recognized OLLI at UA and other institutions across Alabama as an outstanding program for delivering lifelong learning for seasoned adults.

Governor Ivey also outlined the new OLLI Alabama Shares program that will continue even after the pandemic has ended and classes begin to meet in person. Through Alabama Shares, virtual classes will be shared among the three campuses at The University of Alabama, The University of Alabama in Huntsville and Auburn University to strengthen and expand OLLI’s already robust course offerings.

I am proud of UA’s Osher Lifelong Learning Institute and the ongoing positive impact its programs have on its members and our communities. Through OLLI’s transformational classes, events and travel opportunities, its members will continue to make new friends, foster intellectual enrichment and enjoy fun, meaningful experiences in Tuscaloosa and across the state.

Meet the OLLI Staff

Jennifer Anderson, Director
Jennifera.bama@ua.edu • 205-348-3002

West Alabama has been my home for 53 years, and OLLI has been part of my everyday life since its inception in 2005. OLLI has given me a rewarding career, and I am honored to serve the past, present and future members through the impact of lifelong learning.

Lois Strachan, Program Coordinator
Loiss.bama@ua.edu • 205-348-8591

I have been a UA employee for 14 years and have served in my current role since Oct. 2015. As program coordinator, I play a key role in overseeing curriculum development for all three chapters of OLLI. Working with OLLI members is one of the joys in my life!!

Kathy Chastine, Program Assistant
Kathyc.bama@ua.edu • 205-348-6468

I have worked with OLLI for nine years and have come to know and love many of the members personally. I focus on membership, social and travel, so if you plan an OLLI event, party or trip, I will be working with you. I look forward to when the social and travel activities can resume so that everyone is able to mingle to their heart's content.

Ruth Mamola, Conference Support Assistant
Ruthm.bama@ua.edu • 205-348-6482

I am so happy to virtually meet everyone through Zoom, but I can’t wait to meet everyone in person! As the conference support assistant, my main role is to make sure you receive stellar customer service. I am so thankful for this position and the wonderful people I work with each day.
Greetings OLLI friends,

I look forward to serving you and OLLI as we move forward in the coming two years. Elizabeth Aversa did a fabulous job leading us over the past two years, and I want to thank her for her leadership. As we have in the past, OLLI will meet the many challenges and opportunities before us. I know we have the capable staff, enthusiastic OLLI volunteers and engaged members to do so.

Although this has been a very trying time for our country, state and community, we have persevered and learned several things about ourselves and fellow OLLI members. I have met and gotten to know many of the members from the Greater Birmingham and Gadsden chapters while taking classes offered by them. Most importantly, I have continued to enjoy the learning and teaching for which I have such a passion.

We are always looking for ways to improve our program. Just like you, I look forward to the day we can again meet face-to-face and in classrooms. We are seeking ways to combine the best of Zoom with the in-class experience. This might include taking classes from other chapters online or, for those who cannot make the journey to class, enjoying the OLLI experience from home or a condo at the beach.

I hope you will remember to tell your friends about OLLI. By growing our membership, we will continue to expand this wonderful program that began in 2005 and has uplifted so many lives along the way.

See you in an OLLI class.

What Members Are Saying

“Of all the lovely benefits of being retired, discovering Tuscaloosa OLLI has been the best sparkling surprise. I knew the program existed, but I had no idea how many interesting people were enjoying expanding their worlds in so many ways.

I didn’t begin with a class. I decided to sign up for two field trips. Not only did I have new adventures, but I was warmly welcomed by people from a wide variety of backgrounds and life experience. After my first Book Club group, I was hooked! Now I wait until I have my OLLI schedule of classes set before I make other appointments each fall and spring. When I tell people from other places all the stimulating courses, field trips, activities and fellowship our Tuscaloosa OLLI offers, they envy our opportunities. What a treasure!”

Carol Prickett
The Osher Lifelong Learning Institute (OLLI) at The University of Alabama is a member-driven organization that provides adults 50+ with educational, social, travel and leadership opportunities.

The program started in 2006 and continues to serve communities across Alabama including, but not limited to, Birmingham, Gadsden and Tuscaloosa. OLLI thrives because of the commitment from over 500 volunteers per year. These individuals include advisory board leaders, instructors, committee members, greeters, facilitators, co-hosts, trip planners and the list goes on.

Make no mistake that OLLI is exactly what our members want it to be. They help plan, not only for today and next semester, but for future members of this lifelong learning program.

You Belong with OLLI, and we would love for you to share your time and talents with us.

Becoming a member of OLLI will be one of the best choices you make this year.

Member benefits include:
- A community of people dedicated to lifelong learning
- Socializing and cultivating friendships with mature adults
- Leadership opportunities
- Service opportunities – teaching, facilitating, serving on various committees
- Community programs and events
- Virtual programs throughout the year

Due to financial support from the Bernard Osher Foundation, The University of Alabama College of Continuing Studies, program partners and generous contributions, membership in OLLI remains affordable.

Annual membership of $50 includes:
- Register for Courses at any of our locations – Academic and leisure courses in a variety of subjects are taught and developed by instructors that are recruited and vetted by our curriculum committees.
- Bonus Programs – These are one-time lectures or discussions.
- Library of Recorded Lectures – Register and receive a link to view any of these recorded lectures at your leisure.
- Supper Club/Lunch Bunch – These gatherings are organized with other members and Dutch-treat.
- Field Trips – Organized by OLLI’s field trip committees, these trips vary from local to international and require a fee to cover all costs, including administrative fees.
- Semester Course Package – This $50 fee required each semester allows members to register for multiple courses during the term. Some courses may have a materials fee.

Registration Guidelines
Everyone must be registered to attend OLLI programs.

Members may register and be added to a program after the start date if space permits.

If you need to drop a program, (class, trip or social event), please contact Registration Services at 205-348-3000.

Please provide your email and phone number when registering to be notified of program changes or opportunities.

Bonus Programs, Mini-Medical and Special Programs are open to members and their guests. Everyone must register.

If a class, trip or special program is full, you will automatically be placed on a wait list.

Cancellation/Refund Policy
OLLI reserves the right to cancel programs, such as courses, field trips and special events, as necessary due to inclement weather, insufficient enrollment or any other circumstance beyond our control.

There are no refunds for material fees after the program has begun. Each field trip has a cancellation deadline stated in the catalog.
Greetings, OLLI Family!
I’ve been fortunate to spend time with many of you virtually, and for those I have not yet had a chance to meet, hello! I am the new executive director for community engagement in the College of Continuing Studies, which is a fancy way of saying I have the privilege of serving several programs in CCS, including OLLI, in a leadership capacity.

I know this summer was frustrating. Between ever-changing registration systems, new system implementations, COVID-19 protocols and just plain missing each other, you persevered, and I am grateful. I am a big believer in continuous improvement, and I appreciate your support as we move forward. There are several OLLI-related updates I would like to share with you.

First, you might have heard The University of Alabama is launching The Rising Tide Capital Campaign in 2021. UA’s overall goal is $1.3 billion. Along with scholarships for online students and funding to digitize the archival footage at the Paul W. Bryant Museum, CCS chose OLLI as one of the college’s campaign priorities. At the request of Dean Jonathon Halbesleben, OLLI members Francine Marasco and Leanne Spencer have agreed to serve on the CCS Capital Campaign Committee. CCS hopes to reach our goal of raising $1 million in support of OLLI to provide scholarships, travel support and technology equipment to our members. If you would like to learn more, please reach out to me directly at ashley.olive@ua.edu or 205-348-1793.

Second, I am working closely with the OLLI staff to refine their functions and increase efficacy. I have three primary goals for OLLI:

1. Increase membership
2. Deliver dynamic, accessible educational content and programming
3. Provide exceptional customer service

To be clear, the OLLI staff is doing an outstanding job. Redistributing their responsibilities will allow us to focus more clearly on reaching these goals. Increasing membership becomes much easier when you tell your friends about the amazing course you took and how simple the registration process was to navigate. Please know your feedback is always welcome, and I enjoy the opportunity to speak with you individually.

Finally, I know you would like to meet in person as soon as possible. We are working diligently to find a solution that is both safe and financially viable. Your health and safety are our top priorities. As a part of the UA community, we must abide by UA System COVID-19 protocols. I thank you for your patience as we navigate this ever-changing pandemic landscape. I do know there is going to be a line dancing class in the spring that meets safety guidelines and perhaps a few additional classes and field trips. I just might dust off my boots and hope to see you there.

Stay safe and Roll Tide!

Ashley Olive
Support OLLI

The Peter Peacock Memorial Fund
The Peter Peacock Memorial Fund and donations from other members and their families allow OLLI to offer scholarships that provide financial assistance for half of the cost of membership and/or half of the course package fee. If you need financial assistance, complete the scholarship application request form at olli.ua.edu/grants.

Conducting programs associated with OLLI requires funding over and above that provided by The University of Alabama and participation fees. Making a tax deductible donation to fill that gap enables others to enjoy OLLI. The following funds facilitate and enhance OLLI operations. Please consider donating.

OLLI member Dorothy Peacock initiated the Peter Peacock Memorial Scholarship Fund, in memory of her late husband, to provide scholarships for individuals who require financial assistance to participate in OLLI. Presently, this fund supports 25 scholarships to cover half of both the membership and course fees. Your donation could increase this fund’s impact beyond 25 scholarships per year. For example, the family of Chris Bell, a charter member of the UA OLLI program, donated 80 membership scholarships in honor of Chris’ 80th birthday. That donation and others like it have strengthened this endowment fund and sustained OLLI scholarship awards.

The Dennis James Memorial Fund
The Dennis James Memorial Fund was endowed through a $50,000 bequest. Interest from this fund provides a grant to offset the transportation cost of an OLLI trip every other year. Through this gift, many people have been afforded the opportunity to travel and see the kinds of things Dennis loved, like architecture. His family has reiterated how much OLLI meant to Dennis. If you love learning through travel, consider donating to this fund to enable others to share your passion.

The OLLI Gift Fund
The OLLI Gift Fund supports general operations. The low cost of OLLI membership and course fees challenges the program’s operational budget. Sustaining a vibrant, affordable OLLI program requires approximately $25,000 annually from external sources. Gifts to this fund are the lifeline of the OLLI program. Expressions of preferred use are welcomed and honored. For assistance in designating a gift, please email Jennifer Anderson at janderson@ccs.ua.edu. As with most 501(c)(3) qualified nonprofit organizations, there are several ways to give to OLLI.

1. Make a check to OLLI at UA and mail to OLLI at UA, Box 870398, Tuscaloosa, AL 35487.
2. Contribute using a credit card transaction by telephoning OLLI Registration Services (205-348-3000).
3. Go online to give.ua.edu and type “Osher Lifelong Learning Institute Support Fund” into the search bar.

For more donation options, please call Ashley Olive at 205-348-1793. She is glad to speak or meet with you about including OLLI in wills, gifts of personal property, collections or qualified charitable distributions (QCDs) from regular IRAs (not Roth IRAs) for those over 70 years of age. The latter has particularly attractive tax advantages.
Get Involved

Volunteers make OLLI happen!

Have you thought about how you could be a more active member in our program?

As a member-driven and member-led program, OLLI offers many opportunities for you to become actively involved by serving on a committee. We invite you to attend an open meeting to learn more about the OLLI operation and the committees which guide our institute.

Open meetings occur once a semester and are facilitated by your OLLI leadership. Check your email for updates and announcements of volunteer opportunities.

Ways you can volunteer:

• Develop partnerships and fundraising
• Teach a class or recruit instructors
• Host an online for face-to-face program
• Write stories about OLLI, its members and programs
• Call past, present and future members
• Develop communication and long-range plans for OLLI’s future
• Review the OLLI website and create content
• Speak at events and nonprofit programs to promote OLLI
• Be a technical trainer
• Plan and organize a field trip
• Plan an online or face-to-face social
• Drive a Trolli (golf cart) or be a greeter

Have you thought about teaching an OLLI course?

Consider the valuable contribution you can make outside of your role as a student. Share your knowledge, passions and interests with other OLLI students by teaching a course for us!

If you have questions regarding a topic or format, please contact the office at 205-348-6482.

OLLI instructors and presenters are members of the community who are excited to teach an enthusiastic group of learners in a new way. Some are current or retired high school and college faculty while others enjoy the opportunity to share their interests and knowledge.

What's to be gained?

Our faculty often teach for the sheer joy of sharing their expertise and enthusiasm for a topic. There are no tests to prepare or papers to grade; just teaching and holding discussions with interested and engaged students.

What learning formats are supported at OLLI?

• Traditional and online: lecture, discussion or a combination
• Collaborative learning classes, or study groups, are led by a facilitator, not necessarily an expert in the field. Class participants take responsibility for class activity as peer leaders working independently or in teams. Working to have the opportunity to make a presentation, lead a discussion, invite a guest speaker or develop other ways to engage the class in the subject.
What Are Online Courses

Zoom is a videoconferencing platform that provides high-definition, interactive tools and telephone conferencing for communication and collaboration.

1. Once you register for the class, OLLI will send an email with a specific link for the class meeting. (Each meeting has its own meeting ID. Do not share the link.)

   - First time users only: If you are using a laptop or desktop, Zoom will automatically download its free and secure program to your computer the first time you click on a link. If you are using a tablet or smartphone, you'll need to download the free and secure Zoom application from your app store.

2. From your device, click on the link or call using the phone number provided in the email. Once you are connected, you will be in a virtual waiting room while the co-host verifies you are registered for the class.

3. When you have been admitted to the class, you will see others and your audio will be muted.

   - All you need to use Zoom is a telephone, such as a smartphone or landline. However, if you have access to a computer or mobile device, you can use the full capabilities of Zoom. The following equipment will enhance your experience but is not necessary:

     - Web camera: A camera will increase your connection with your instructor and your peers by allowing you to see each other’s faces.

     - Headset with a microphone: This will let you hear and be heard more clearly.

     - Charger: Charging your device during class will ensure you do not have a power outage.

Classroom etiquette:

1. Connect 10 minutes before class starts.
2. Keep your audio on mute unless you are asked to speak.
3. Use the communication tools: chat, thumbs up, applause, answer poll questions.
4. Remember, we are all learning together so be patient with yourself and others.

Explore and have fun with Zoom! Here’s how to navigate the tool bar (on the Dashboard from L-R):

   - Mute: Controls audio output
   - Start Video: Controls video output
   - Participants: Opens a pop-up window with all participants
   - Share Screen: The host/co-host will share their PowerPoint/video clip
   - Chat: Communicate with everyone or an individual by clicking their name in the participants list
   - Record: Records the session locally
   - Select the View: Choose between speaker and gallery view

Consider what people will see:

   - Camera: Position the camera or choose to stop video.
   - Background: People will see what is behind you or use a virtual background.
   - Lighting: Sit near a lamp or place one in front of you to avoid shadows.

Here to serve you, we offer basic Zoom peer-training. Register at olli.ua.edu or call 205-348-3000. To schedule a special session for your group, please call 205-348-6482.

Special event with Chris Hastings

Title: Cooking with James Beard Award Winning Chef Chris Hastings
Date: February 16, 2021 • Time: 12:00 p.m. • Price: $40.00

Join Chef Chris Hastings live on Zoom from the Hot & Hot kitchen as he prepares recipes from his cookbook Hot & Hot Fish Club: A Celebration of Food, Family, Traditions.

“The mission of our restaurants, Hot and Hot Fish Club and OvenBird, has always been to deliver an experience of spectacular food, special memories and the sense of family while sitting at one of our tables. With our restaurants adjusting to the COVID-19 situation, we are diving into new ways to continue bringing our mission to you.”

You are invited to cook along with Chris on Tuesday, February 16, at noon. Chef will be livestreamed on Zoom cooking a pre-selected meal. Once you purchase a ticket, you will receive a recipe along with the listed ingredients needed. Your ticket also includes a copy of the class video afterwards!

Whether you choose to cook or watch along with OLLI friends, this will be an hour you will not want to miss.
Spring 2021 Online Courses
Come for the courses. Stay for the people.

OLLI at UA offers enrichment courses, socials and events in accessible and innovative learning environments with the online format connecting members across the state and region. Adult learners of all ages and backgrounds are welcome. No homework. No tests. No pressure. It’s learning purely for the joy of learning.

Due to the COVID-19 pandemic, we have adjusted our terrific schedule so that spring courses will be taught online. We have over 50 offerings that are active, engaging, intriguing and entertaining, while celebrating a wide array of interests. The courses will last 75 minutes each, and the number of sessions vary.

We look forward to the day when it’s safe for us to gather again. Until then, enjoy these online learning opportunities.

Mondays

Z101
Wild Women in Opera
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
9:00-10:15 a.m.
Elizabeth Aversa
You don’t expect women in opera to be wild, but this class will change your mind! We will learn about four operas (Tosca, Carmen, Norma, and Salome) in which women are notably “wild.” We will listen to selections from other operas where characters are similarly unruly.

Share your class experience and upload photos to facebook.com/olli.ua.edu

Z102
National Parks and Public Lands
Jan. 25; Feb. 1
9:00-10:15 a.m.
Scott Turner
This two-session Zoom presentation covers development of the parks and public lands system in the United States. The course investigates the balance between the conservation and use of natural resources by exploring the development and management of national parks and other protected areas including fire and burn control.

Z103
Life Transitions Done Well
Feb. 15, 22; Mar. 1, 8
9:00-10:15 a.m.
Doris Vaughans
A mental health approach to successful life transitions of common issues that are embedded in the human experience.

Z104
Exploring New Discoveries in Science
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
10:30-11:45 a.m.
Philip Malone
Come join us as we explore the latest news in science based on three periodicals: The Science News, Scientific America and Discovery. Using articles from these three magazines, we will examine what discoveries are happening in the world of science. Subjects will be presented on a basic level so that anyone interested in science can enjoy and learn.

Z105
Wolves, Love and Devils in the Basement: Actors on the American Frontier
Jan. 25; Feb. 1, 8
10:30-11:45 a.m.
Ward Haarbauer
Part I: Over the river and through the woods to grandmother’s house and grandfather’s bar – Tall tales and hot potatoes as theater comes to the Southeast

Part II: Sometimes you just can’t win – Cold winters, takin’ sides and the Gulf of Mexico take their toll as theater crosses the Mississippi

Part III: For love and money – Anecdotes of drinkin’, six-guns and a near-lynchin’ on theater’s trek west
Foundations of Stress Management
Feb. 15, 22; Mar. 1, 8
10:30-11:45 a.m.
Mikal Keenan
We experience distress when stressors exceed our capacity to cope. Chronic distress can erode health and longevity. This course introduces simple breathing, relaxation, concentration and thought-cultivation exercises, which the U.S. military and National Institutes of Health have proven can increase resilience in coping with stressors and decrease susceptibility to stress-related disorders. We should be seated or reclining on a bed or yoga-type mat during exercises.

Talking about Books:
UA Press and OLLI Book Club
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
12:00-1:15 p.m.
Ann Prentice
The University of Alabama Press has invited six authors to discuss their books and answer your questions. Carol Prickett and Jan Mercier will lead the OLLI Book Club on Feb. 8 and March 8.

Jan. 25 (virtual); Robert F. Moss; Barbecue: The History of an American Institution, Revised and Expanded Second Edition

Feb. 1 (virtual); Charlie Williams; André Michaux in North America: Journals and Letters, 1785-1797

Feb. 8 OLLI Book Club (fiction); Marie Benedict; The Only Woman in the Room

Feb. 15 (virtual); Aileen Henderson; The World through the Dime Store Door: A Memoir

Feb. 22 (virtual); Thomas Hallock; A Road Course in Early American Literature

March 1 Ken Boyd; Historic Watermills of North America

March 8 OLLI Book Club (nonfiction); Jon Meacham and John Lewis (afterward); His Truth Is Marching On: John Lewis and the Power of Hope

History in the Movies
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
1:30-2:45 p.m.
Keith Robinson
We continue our study on how the movies portray history. The movie is good, but was that really the way it happened? We will review scenes from the movie, and discuss the history it represents. How closely (or not) does each movie match the historical record? This is Edu-tainment! The spring movie selections are: To Kill a Mockingbird, Apollo 13, Lincoln, The Miracle Worker, Lawrence of Arabia and Amistad. Join us for a different kind of history lesson.

True Tales and Characters that Shaped Alabama
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
1:30-2:45 p.m.
Tom Bailey
Each segment will detail a historical character who was swept up in important Alabama events, and how that person shaped the event or was shaped by it. Characters and events span from Hernando de Soto in the 1500s then move forward through early state settlement, the Creek War, the Civil War, early days of flight and end with a touch of Civil Rights.

Rivers of Alabama
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
2:30-4:00 p.m.
Bill Deutsch
Learn the histories of rivers in Alabama. Topics include the origin of the river map on the Alabama Great Seal, river geography, geology and hydrology, the state’s world-class aquatic biodiversity, the role of rivers in human settlement, economy and culture, river politics and policies and personalizing your river ethic. Participants are encouraged to share their river stories and to discuss all topics in relaxed and enjoyable ways.
Reflections of U.S. History: The History of the United States Viewed Through the Librarians of Congress
Jan. 25; Feb. 1, 8, 15, 22; Mar. 1, 8
3:00-4:15 p.m.
Dusty Folds
The Library of Congress, the unofficial national library of the U.S., was established in 1800. Since then, the library has had fourteen Librarians of Congress – men and one woman who acted as administrators of the library. The position of Librarian of Congress was, until recently, a lifetime appointment made by the president and confirmed by the senate. As such, the librarians have often reflected the administration that appointed them. However, libraries must also reflect their society. These individuals led the Library through many administrative and technological changes that mirrored the country.

Using Librarians of Congress as a framework, this seven-week course will explore the social and political history of the United States from 1800 to present day. This course is an overview of U.S. history, the history of libraries across the country and the ever-changing nature of the Library of Congress and the institutions and nation it serves.

Unidentified Flying Object Incidents from 1945 to the early 2000s
Jan. 25; Feb. 1, 8
3:00-4:15 p.m.
James Simms
More recent revelations of unidentified flying object (UFO) encounters with the U.S. military brings a revival of interest to UFO incidents from the latter half of the 20th century. This course is not to confirm nor deny the existence of UFOs, but to bring to light some of the more notable and classic incidents from that time period.

Women with Nobel Laureate in Science
Feb. 15, 22; Mar. 1, 8
3:00-4:15 p.m.
Jill Stokley
This will be an overview of the history of women in science. We will discuss the life of Madame Marie Curie, the first woman to receive a Nobel Laureate in Science. Several American women have also received the Nobel Laureate and are pioneers in their field of science. Come and learn about their struggles.

iPhone, iPad and Basic Computer Tutoring
Z114 Jan. 25, 26; Feb. 1, 8
Z115 Feb. 15, 22; Mar. 1, 8
3:00-4:15 p.m.
Lisa McKinney
Would you like to do more with your PC or Mac computer? Do you have questions about how to use your iPhone or iPad? Do you have an interest in learning Word, Excel or PowerPoint? Get one-on-one tutoring by students in the UA Culverhouse LIFT program.

Educational Neuroscience – Exploring the Relationship between Education and the Brain Sciences
Jan. 19, 26; Feb. 2, 9, 16, 23; Mar. 2, 9
9:00-10:15 a.m.
Brian Rivera
Advances in the brain sciences (e.g. cognitive neuroscience, cognitive psychology, developmental neuroscience) have highlighted neural mechanisms and brain processes involved in educationally relevant areas, such as learning, reading and mathematical problem-solving. Educational neuroscience is a scientific field that brings together researchers studying these neural mechanisms and brain processes.
to explore the relationship between biological systems and education. This course will discuss the methods researchers use to learn about the brain, the findings relevant to education, and the challenges and opportunities that come from implementing such findings.

Z117
Pandemic Economics
Jan. 19, 26; Feb. 2, 9
9:00-10:15 a.m.
William Aldridge
With economics, one attempts to understand why people do what they do, primarily in the marketplace. Every day, consumers, firms and governments, usually in conflict, are trying to maximize pleasure and minimize pain. We will study basic microeconomic and macroeconomic principles in the first two sessions. Using this foundation, we will discuss the pandemic surprise and its effects on the economy in the final two sessions.

You will learn ways the body works, hear about advances changing how we see disease and health and find out where cutting-edge research is headed.

Z121
Jan. 19 - Dr. Charles Lehman; The Practice of Hospital Medicine
Z122
Jan. 26 - Dr. Pamela Payne-Foster; Vaccines for Seniors
Numerous events and personalities simply end up lost in history. As significant as the event or person may be at the time, the common knowledge of them often fades away as time marches on. We will discuss several intriguing persons and events in our nation’s history that most Americans have never discovered. Be prepared for cannibalism, Army camels, Poncho Villa and mass murder for profit!

This course is a review of healthy and disordered sleep. This will be a broad survey of sleep and is not intended as sleep treatment. We will explore normal sleep (e.g., sleep stages and sleep duration), sleep measurement (e.g., polysomnography, sleep diaries), sleep changes across the lifespan and health risks of inadequate sleep. We will examine where sleepiness comes from (e.g., brain chemicals and the body’s circadian rhythm) and how to mitigate the drag of jet lag. Lastly, we will touch on some of the 80 sleep disorders (e.g., insomnia, sleep apnea, narcolepsy, restless legs) and typical treatments.

This class is a sequential, multi-term course that explores the origins and evolution of American folk music. It features numerous audio and audiovisual examples of songs that range from centuries-old British ballads, to wildly popular songs during the so-called “folk music revival,” to songs released in the last 10-20 years, best classified as “Americana.” It incorporates the folk music of black Americans and discusses how this music was separated commercially from Anglo-American folk music. The Winter 2021 Term topic is “Anglo-American Folk Music: Ballads.”

We will continue exploring the foundations of Europe civilization. Chronologically, the period covers from late Roman civilization (the second century) to the first European civilization coming into existence and falling apart in the ninth century. We will study the Roman, Germanic, and Christian traditions and practices of this early medieval world.

The accession of the House of Stuart would put an end to the Tudor Dynasty in 1603, when Elizabeth I would die without a direct heir. During the century that spans the Stuart Dynasty, the country witnessed some of the most monumentally changeable times in British history. This included a dangerous recipe of political upheaval; one head of a king, a sprinkling of plague outbreaks and a dash of foreign invasion, all cooked with the Great Fire of London. Join us for this fascinating stroll through British history as we learn about...
the seven Stuart monarchs (and two Lord Protectors) that ruled over a turbulent realm deeply fractured by political partisanship and religious dissension but produced myriad artistic, architectural and cultural wonders.

Sustainable and Affordable Home Gardening
Jan. 19, 26; Feb. 2, 9, 16, 23; Mar. 2, 9
6:00-7:15 p.m.
Casey Lambert
Home gardening is an amazing and rewarding hobby, but commercial methods can be prohibitively expensive and bad for the environment. Too often, we buy a tomato plant at the beginning of spring only to get three tomatoes out of it, and two of them are eaten by bugs! In this course, I will teach home gardeners how to get the most out of their gardens, from vegetables to houseplants. Topics will include diagnosing common issues, natural and affordable pest control, how to increase plant yields and so much more.

Z135
The Wonderful World of Wolves
Jan. 19, 26; Feb. 2, 9
6:00-7:15 p.m.
Samantha Siomko
Wolves have always been the notorious fairytale villain; however, these misunderstood animals are more like humans than we think. Populations globally, including in America, are threatened by conflict with humans, despite their critical role in ecosystem health. We will discuss the evolution of the wolf, the difference between wolves and dogs, the myths behind their social structure, the importance of apex predators and why you shouldn’t fear the big bad wolf.

Memory Disorders: Identifying and Managing
Jan. 20, 27; Feb. 3, 10
9:00-10:15 a.m.
Vicki Kerr
This course is to develop an understanding of Alzheimer’s and other related memory disorders, including the three stages of the diseases and how to manage behaviors in a positive manner. I will share resources available to caregivers to help them navigate through challenging times.

Z138
Music Appreciation: Music for Strings
Feb. 17, 24; Mar. 3, 10
9:00-10:15 a.m.
Anne C. Witt
Music composed for bowed string instruments – violin, viola, cello and string bass – speaks to our hearts in a unique and powerful way. Going beyond the usual idea of appreciation, the goal of this course is to significantly enrich your life by introducing you to some new musical friends. These selected compositions are often performed – a “top 40” of classical string music, if you will. They are easy to get to know and pleasant to hear.

Each class will focus on one composition in depth. The instructor will present a short lecture about the composer and the historical circumstances of the music. Guided listening and class discussion will follow. Suggestions for further listening to similar pieces will be given. The format of the class is interactive; participants are encouraged to share their musical knowledge, questions and opinions.
Z139
Antarctica: Personal Encounters with the White Continent
Jan. 20, 27; Feb. 3, 10
9:00-10:15 a.m.
James Lowery
This four-part course combines the sights and scientific information from six trips the presenter took to Antarctica, the Falkland Islands, South Georgia and South America, including a month on an icebreaker and crossing the Antarctic Circle. It presents the trips from the standpoint of a tourist traveler but also incorporates some of the science of the region and its wildlife – sea birds, penguins, whales, seals, etc. Views of the land, ice, icebergs, glaciers, animals, research stations, etc., are combined with information about each stop on the trips.

Jan. 20, 27; Feb. 3, 10, 17, 24; Mar. 3, 10
10:30-11:45 a.m.
Bruce Burrows
Franklin D. Roosevelt (FDR) and the New Deal will focus on the many federal programs enacted by the president and his supportive congress to overcome the effects of the Great Depression. Comparisons will be made to similar problems in 2008, 2009 and 2020.

Z142
Grandparenting and Mentoring – Old School Smarts and New School Skills!
Jan. 20, 27; Feb. 3, 10
10:30-11:45 a.m.
Bob Coulson
Today’s grandparenting and mentoring roles are the same, but different. In these challenging times, the protective nurturing roles of old school smarts needs the new school skills of community scientists. It really does take a village to raise a child. In this course, we will build upon good old-fashioned wisdom with the newest research on how to best help children, youth and families grow their resiliency, caregiving and safety on the internet and in the home, for all ages and abilities. Bob’s experience is personal and professional. He is a parent of four, a grandparent of five biological and four bonus grandchildren (ages 2 to 21 with a new one arriving March 2021), and an affinity fictive grandparent of six. Professionally, he formally served as a child, youth and family advocate, over a 20-year career, in a variety of youth and family-serving settings. The course provides new perspectives on the passion of grandparenting and mentoring.

Literacy Narrative of a Working-Class Kid
Jan. 20, 27; Feb. 3, 10, 17, 24; Mar. 3, 10
3:00-4:15 p.m.
Dave Murdock
A “literacy narrative,” on one level, is an account of a person’s reading history. They have been a part of many autobiographies over the years, but literacy narratives have increasingly become a genre unto themselves. In this class, I’ll discuss books I’ve read over the years that had a big impact on me, in the order that I encountered them, starting with children’s books to the present day. Yes, I still read books for the first time that have an enormous impact! Looking forward to seeing y’all for this trip down memory lane.

The Political Brain: Nature, Nurture or Something Else?
Jan. 20, 27; Feb. 3, 10, 17, 24; Mar. 3, 10
3:00-4:15 p.m.
Scarlett Gaddy
Why do we develop the political attitudes and preferences that we do? Is it due to our environment or is there an underlying biological predisposition in our brain that causes us to lean conservative or liberal? Join us as we discuss the psychological influences on political preferences and behavior. How does the impact of these influences affect our increasingly tribal behavior in politics?

Inspecting Culture through the Lens of Ethnographic Filmmaking
As avid learners of human culture, anthropologists are devoted to interpreting the deep meanings behind the kaleidoscopic cultural practices in our human societies. Those ceaseless endeavors to explore knowledge and insights give birth to ethnographic filmmaking, a visual manifestation of anthropological inquiries. In this course, we will first walk with those monumental figures in ethnographic filmmaking to discover their intellectual journey with this

What our members are saying about OLLI online programs
"I love the travel, classes, supper club, but, most of all, the new friends I meet along the way. Everyone is so friendly, positive and adventurous. I have learned of places and subjects that I would never have considered on my own. My life is built around it. I even teach a class and marvel that anyone wants to hear what I have to say. I would be lost without them. What a great group!"

UA Museums: Existing in the Virtual World
Feb. 18, 25; Mar. 4, 11
10:30-11:45 a.m.
Katherine Edge, Brandon Thompson, Lindsey Gordon, Rebecca Johnson
COVID-19 presented some unique challenges to day-to-day life, but UA Museums quickly responded, moving to virtual formatting to be available to the community. The department developed the “Museums from Your Home” livestream program to stay relevant during the challenges of COVID, developing online content in the areas of science, history and archaeology, and providing comfort and a sense of normalcy. This course will examine how the Gorgas House Museum (B. Thompson), the Warner Transportation Museum (K. Edge) and Moundville Archaeology Park (L. Gordon) went virtual when the doors closed during the COVID-19 pandemic.

Do-Re-Mi: Music Theory is Key!
Jan. 21, 28; Feb. 4, 11, 18, 25
1:00-2:30 p.m.
Pat Long
Location: McAbee Activity Center
3801 Loop Rd. Tuscaloosa
(Social Distancing directives in place at the time of each course will be followed.)
For many self-taught/beginning musicians, the idea of music theory seems daunting and even a little self-defeating. This course will remedy those fears by identifying the building blocks of music: note reading, timing, chord composition and more, into popular genres and forms. Practical audio examples will be used throughout the course to foster ear recognition. Level of class is aimed toward beginning musicians, self-taught musicians or those music students who have drifted away over time. Theory can be applied to all musical instruments. Class limit: 15

Z170
Jan. 21 - Robert Kane; The Wright Brothers Civilian Flight School, Feb.-May 1910
In February 1910, Wilbur Wright arrived in Montgomery, Alabama, looking for a suitable location for a civilian flight school to teach men how to fly their airplanes. A local businessman convinced Wilbur to select a nearby abandoned cotton plantation. Wilbur accepted the offer, and the Wright Brothers established the first civilian flight school in the United States near Montgomery. The school lasted only ten weeks, but in April 1918, the War Department selected the same location for an aircraft and engine depot. That installation has since grown into Maxwell Air Force Base.

Z171
Jan. 28 - Paul Dean; What’s Happening to Our Forest: The History, Science and Future of Forestry in America, as Told by a Semi-Retired Forester
Paul Dean will provide a colorful timeline of the impacts of European settlement upon our North American forest. He will explain how this once pristine continent of native old growth fell victim to the invasion of settlers with their axes, livestock and diseases, as they moved westward, exploiting forests until they were almost gone. A gruff outdoorsman president instituted the beginning of forestry in America.

Z172
Feb. 4 - Robert Kane; The Air Service in Alabama during the Great War
Some Alabamians are familiar with the participation of three Alabama National Guard regiments in the Great War, but most are not familiar with the recently established Air Service in Alabama. In 1917, the Air Service established a flight training school at an airfield located southeast of Montgomery near present-day Pike Road. A year later, they added an aircraft and engine repair depot on the former site of the Wright Brothers civilian flight school. While the training field closed after the war and reopened during World War II, it is virtually gone, covered by private housing. However, the depot not only stayed open, it continued to expand to become Maxwell Air Force Base.

Z173
Feb. 11 - Matthew Gage; Archaeology of Alabama
Alabama has an incredible archaeological record derived from over 13,000 years of occupation. From Paleoindian to Civil Rights, we will give a broad overview of the state’s heritage and discuss some specific archaeological sites that highlight its incredible cultural diversity.

Abroms-Engel Institute for the Visual Arts (AEIVA)
Thursday, Feb. 18
2:00 p.m.
Join us for a virtual tour at the Abroms-Engel Institute for the Visual Arts (AEIVA), the art museum at the University of Alabama at Birmingham. AEIVA opened in 2014 and hosts six to eight exhibitions per year. AEIVA’s mission is to provide a cultural gateway that enriches and supports accessible learning, research and thinking for the UAB community, Birmingham and beyond through transformative and challenging exhibitions, engaging programming and purposeful collecting.

In-Person Trips

Social Distancing directives in place at the time of each trip will be followed.

Enjoy the Spring Flowers!
Friday, March 5
Trip Leader:
Kay Kelley, kaykelley9@gmail.com
- Meet at the entrance to the Botanical Gardens via your own transportation at 11:00 a.m.
- Fee: $10 box lunch and drink
- Activity Level: Moderate - walking outdoors on paved paths

Walk the Gardens with OLLI friends at the Birmingham Botanical Gardens, 2612 Lane Park Road, Birmingham 35223. We will gather at the entrance to the gardens for a self-guided walk through the spring flower displays. If we have timed it correctly, we can enjoy the cherry blossoms in the Japanese Garden. We will have a box lunch in the Hill Garden. Please wear comfortable, appropriate clothing. Food selections and logistics will be communicated prior to the trip.
Meet OLLI friends at Orr Park (the large gazebo on Park Drive) in Montevallo, at noon, on April 2, 2021, for a box lunch and a tour of the carved cedar trees. From the park, we will drive our own cars to downtown Montevallo to enjoy the art. There are three outdoor murals (Nurture Nature, Sister Cities and the Montevallo Historical Mural). Next stop, the post office to see “Early Settlers Weighing Cotton,” a 1938 WPA installation by William Sherrod McCall. There may be more arty experiences if time allows. Please wear comfortable, appropriate clothing. Food selections and logistics will be communicated prior to the trip.

Moundville Archaeological Park Inside and Out!

Z304
Thursday, April 8
Arrive Park: 9:00 a.m. (transportation on your own)

Z305
Thursday, April 8
Arrive Park: 1:00 p.m. (Transportation on your own)

Trip Leaders:
Dwight Lammon, dwight.lammon@gmail.com
Richard Rhone, rrhone8@comcast.net

- Fee: $10 guided tour
- Activity Level: Moderately difficult (lots of walking and standing)
- The University of Alabama’s Moundville Archaeological Park, 13 miles south of Tuscaloosa on Hwy 69, is a treasure trove of information about the Mississippian people who lived there some 800 years ago. Your time in the park will be divided between exploring the earthen mounds and other outdoor areas while birdwatching with Dwight and touring the museum with Richard. Each session will be divided in half and then swapped halfway through. Learn the history and view the displays of artifacts found on site.
- Wear comfortable walking shoes and bring your camera and binoculars! Covid-19 masks and social distancing will be required if still needed.

Nova Scotia Fall Foliage Tour with OLLI and GoAhead Tours

See the Canadian Maritimes
August 6-14, 2021
OLLI Trip Leader:
Marilyn Nevin, marilyn.nevin07@gmail.com

Sign up with a $450 deposit payable to GoAhead Tours. You have until December 31 to cancel for any reason with a full refund.

Enjoy the culture and seaside beauty of the Canadian Maritimes, the rural scenery and rugged coastal landscapes, as you journey off the beaten path to discover one of Canada’s most storied regions. Uncover immigrant history, fascinating Acadian culture and the tranquil lifestyle of quaint fishing villages as you get to know Nova Scotia, New Brunswick and Prince Edward Island. Picturesque sea views, small-town charm and a colorful past collide on this breathtaking trip.

Frequently Asked Questions

Once I register, how do I get the Zoom link for my class(es)?
A confirmation email will be sent with the class listings and Zoom links. If at anytime you need a link, contact OLLI at 205-348-6482.

How do I connect using the Zoom link?
Simply click the Zoom link in the email to join the class. You will be in the waiting room until a co-host admits you to the class.

Can family members or friends who live in another state participate?
Yes, registration is required to receive the link. Programs open to the public do not charge a fee; however, courses do require membership and course package fees to be paid.

How many courses may I take per term?
You may take as many courses as you wish! The $50 Course Package fee is for that term.

Which programs are open to the public?
This spring, we have 20 programs open to the public. Mini-Medical School (8 sessions) on Tuesdays and Bonus Programs on Wednesdays (8 sessions) and Thursdays (4 sessions).

What if I need help connecting?
The OLLI staff and co-hosts are happy to assist you. You may also register for the Zoom Basics Peer Training to be guided through the basics of Zoom. Check out more FAQs about Zoom on our website olli.ua.edu/faqs-frequently-asked-questions-regarding-online-programming/.

Pine Valley Retirement Community
Independent and Assisted Living

800 Rice Valley Road, North Tuscaloosa, AL 35406
205-349-8700
www.pinevalleyretcom.com

Pine Valley Retirement Community is celebrating 30 years of providing an active retirement lifestyle that offers both Independent and Assisted Living options. A wide variety of amenities and activities lets residents spend time enjoying life instead of worrying about cooking, cleaning, or home maintenance.

Pine Valley is a gated community, nestled on 10 acres of tall pines and flowering gardens, and with our distinct blend of hospitality, comfort, and charm, you are sure to feel right at home.
A LEGENDARY PLACE TO CALL HOME.

"We moved all over, but we came back for Capstone Village. There is so much going on here. Our home is walking distance to softball games. We go to musicals and sit-in on classes. We walk the Riverwalk every Saturday morning and watch the rowing races."
